Yes, that's the VALUE of more than 2700 claims that the Montana Veterans' Welfare Commission aided in obtaining for the veterans and their dependents of our State during the 1967-1968 biennium.

HOW OBTAINED?

Any claimant, veteran, widow, parent or orphan, must fill the proper claim with the Veterans Administration. This can be a claim for compensation, pension, educational benefits, or a loan to buy a home.

The Veterans' Welfare Commission aids these claimants by assisting in completing these forms correctly. Also in order to present a proper claim to the Veterans Administration many must be accompanied by marital documents. When necessary the Veterans' Welfare Commission Service Officers obtain official copies of Marriage Certificates, Birth Certificates, Death Certificates and Divorce Decrees. In the 1967-1968 biennium we obtained and filed 6593 of these documents. Thus it can be seen that the Veterans' Welfare Commission was of considerable assistance to claimants in obtaining these benefits.

In addition the Veterans' Welfare Commission represents the claimant when the Veterans Administration takes action on an applied for benefit. As an attorney represents a client in a court of law, the Veterans' Welfare Commission, when given the proper "Power of Attorney" represents veterans on their claims to the Veterans Administration. Statistics by the House Veterans Affairs Committee, in a study made between October 1962 and April 1966 showed that the Veterans' Welfare Commission represented veterans on 72.7% of the claims at Fort Harrison.

The Veterans Administration as an agency of the United States Government has the mission of administering veterans' benefits. These benefits are not automatically given but must be applied for. There are only three Veterans Administration contact officers in Montana - two at Fort Harrison, and one at the Miles City VA Hospital. It would be impossible for these individuals to assist all eligible veterans who wish to apply for any benefits. This is the reason for the existence and mission of the Veterans' Welfare Commission.

The Veterans Welfare Commission has on file 27,165 VA Form 23-22's, (so-called Power of Attorney)

There are at the present time approximately 92,000 veterans in Montana who have served in the Armed Services. At least $\frac{1}{2}$ of these will never make any claim to the Veterans Administration.

As of September 30th, the Veterans Administration at Fort Harrison had 11,613 compensation and pension awards. There were also 1,939 veterans in college or in training under the Cold War G. I. Bill.

F I E L D _ C O N T A C T S _

(WORK LOAD)

FY 61-62	FY 63-64	FY 65-66	FY 67-68
61,921	76,578	77,724	78,468

In addition to assisting veterans and dependents in his headquarters office, each Service Officer travels from his office into an area of surrounding counties assigned to him. In each county seat at which he calls on a regularly kept schedule, he has a location where veterans or their dependents can meet with him. In addition he will make a limited number of calls on those who are physically unable to meet with him at the designated locations. Each time a Service Officer meets and assists an individual it is listed as a contact.

The increase in the work load is due to several factors. Included is the aging of World War I and World War II veterans. These veterans are applying for pensions due to disabilities not connected with service. Also, service-connected disabilities often worsen as the veteran ages. The granting by Congress of educational benefits to Cold War and Vietnam era veterans has greatly increased the work load. In addition the Cold War veterans are eligible for hospitalization and loans. The Vietnam era veterans are eligible for all wartime benefits.

There has been a decided increase in the number of death claims for widows and orphans in this biennium.

The contacts in each Field District are as follows:

Billings,	11,936	Great Falls,	12,891	Miles City,	3,838
Bozeman,	4,849	Helena,	1,759	Missoula,	14,996
Butte,	13,332	Kalispell,	10,488	Wolf Point,	4,376
